

Side-session PEOPLE:

**Decarbonisation Beyond Technology:
The Power of Human Action**

About:

This session will showcase innovative collaborations among port services that drive sustainable operations and reduce emissions. The session will demonstrate how coordinated efforts can lead to measurable environmental benefits by highlighting best practices and successful cases. Emphasis will be placed on the critical role of upskilling and continuous training in empowering port service professionals to adopt greener practices. The workshop will also present ongoing work of the project Greenport Alliance.

Speakers:

- **Tutku Eker Iscioglu**, Piri Reis University
- **Alberto Dellepiane**, Chairman, ETA
- **Erik Dalege**, President, EMPA

Panelists:

- **Paris Sansoglou**, Secretary General, EuDA
- **Kimmo Lehto**, Chairman, Nautical and Technical Committee, ETA
- **Patrick Galvin**, Vice President, EMPA
- **Lamia Kerdjoudj**, Secretary General, FEPORT
- **Christel Peeters**, Head Training and consultancy, Antwerp Maritime Academy (tbc)
