Side-session PEOPLE:

Shipping and the Drugs Trade – Continuing the Fight against Organised Crime and Illicit Trafficking

About:

Over the past couple of years, significant steps have been taken at industry, national and EU level to strengthen the security of maritime supply chains and to organise a more coordinated response across government, law enforcement and industry. But what comes next?

At this seminar, WSC and FONASBA/ECASBA bring together senior representatives from shipping lines, agents, ports, intelligence and law enforcement to reveal what has been achieved and consider how the criminals have responded. We will focus on what steps should be taken next by the alliance of industry, law enforcement and government, to stop the exploitation of maritime supply chains by traffickers.

Speakers:

- **Ine Van Wymeersch**, Belgian National Drugs Commissioner
- **Jo De Cock**, Head of Unit, Organised Crime and Drugs, DG HOME, European Commission
- **Hilde Bruggeman**, Director, National Federation of Associations of Ship Agents and Brokers of Belgium
- **Stephan Berger**, Harbour Master of the County of Bremen (Bremen City and Bremerhaven)
